

ASK ALL PATIENTS/VISITORS:

- “Have you had a cough, fever, shortness of breath, lower respiratory infection or a sore throat in the last 14 days?”

OR

- “Have you had close contact with a confirmed COVID-19 patient in the last 14 days?”

OR

- “Has anyone in your home been placed on quarantine as a precautionary measure?”

If patient says yes and has a previously scheduled appointment: Give them a mask and ask them to notify the department their appointment is with prior to entering.

If visitor says yes: Ask them not to enter the building/facility due to risk of infection to other patients and staff, and tell them to notify their primary care provider.

If visitor says yes and is requesting to visit an end-of-life family member: Provide them a mask and allow them to visit their loved one.

If visitor is accompanying a patient: Ask them to wait outside in a car and stay in contact with the patient by phone.

Employees can pass without screening if they have their badge.

IMPORTANT NOTES:

- Only one visitor per inpatient
- Visitors must be 14 years or older.
