

## Pre-Op COVID-19 Testing: Patient Instructions

- You are **required** to have COVID-19 testing **3-5 days** before your scheduled surgery or procedure.
  - Please get tested on time to avoid having your surgery or procedure delayed or cancelled.
- Choose a Patient Service Center conveniently located close to your home or work.
  - Plan 30-45 minutes for your visit.
  - Locations identified as "Dedicated Pre-Op Testing Site" may have shorter wait times.
  - All of your pre-op testing can be done in one visit (COVID-19 test, blood work, etc.).
- Your health and safety are always our highest priorities. To help with social distancing, our staff may ask you to wait in your car or come back at a later time.
- When you present to the Patient Service Center, please bring the following:
  - Photo ID
  - Name of your surgeon
  - Date of surgery or procedure
