

Working At Rochester Regional Health

WHY JOIN OUR TEAM

There's never been a more exciting time to join Rochester Regional Health with the opportunity to work in the Sands-Constellation Center for Critical Care. Our new state-of-the-art building located on the Rochester General Hospital campus is designed by health care professionals with purposeful unit layouts that enable our teams to work at the highest levels of their training. From state-of-the-art technologies to equipment and resources located in areas most convenient for doctors and nurses, the Sands-Constellation Center for Critical Care has everything you could want or need to provide advanced, innovative care for your patients.
