at Park Ridge Living Center  
1555 Long Pond Road  
Rochester, NY 14626

Priority for admission is given to those who are currently receiving care or services within Rochester Regional Health System. Thank you for your understanding.

In order to be considered for admission into one of our facilities you will need to complete:

- 1) The enclosed referral form.
- 2) Two forms are required for any person to be evaluated for admittance into a New York State Skilled Nursing Facility. A New York State Patient Review Instrument (PRI) assures the facility is able to meet the individual's health care needs. The New York State Screen assures that the facility is able to meet the individual's psychosocial needs. These forms need to be completed by nurses who have received specific training. If you currently receive home care services, that agency can complete the forms. Or, you can call (585) 368-6565 to make arrangements to have these forms completed by Rochester Regional Health System. If you are seeking admission for someone residing in a nursing facility, please ask your social worker to fax a PRI and Screen to (585) 723-7998.
- 3) The enclosed medical report.

If you have questions, please contact us at (585) 368-6565. Completed admissions forms should be sent to:
