Physician Relations Program

Rochester Regional Health has a broad spectrum of resources, a long history of collaborating with our physicians and advocating for patients, and a commitment to innovation.

Whether you’re one of our employed physicians, or a valuable partner, we want to make sure you have quick, convenient access to the Rochester Regional resources you need to make your patients’ lives better, easier and healthier. This referral guide is a directory of Rochester Regional in-network specialists to which you can refer your patients. They are members of the Rochester Regional Medical and Dental Staff and are Tier One members of GRIPA. Please note, only the individual providers listed are employed or in-network. There may be others within the same practice that are not in this group, and are therefore are out of network.

We are continually working to improve the referral process and make sure physicians are aware of new developments. Your dedicated physician liaison’s contact information is included in this guide. Please be sure to contact your liaison if there’s any way we can ease your access to services within the system, or if you have questions on services, physicians and facilities available to you.
Meet Your Physician Liaisons

The Rochester Regional Health Physician Relations team works to build meaningful relationships with referring physicians by understanding physicians’ needs and addressing concerns.

Your dedicated physician liaison works to provide you and your staff with convenient access to the professionals, services and facilities affiliated with Rochester Regional Health. Whether you need to find the right resource for a patient or require assistance with resolving an issue, your liaison can help. As someone with extensive knowledge of the resources of Rochester Regional, your physician liaison can:

- Provide information and updates about our programs, services and facilities.
- Coordinate meet and greets with Rochester Regional’s specialists.
- Assist in obtaining follow-up information on your patients.
- Help solve any problems or address concerns with the patient referral process.
- Meet with new Primary Care providers to apprise them of some of the ways we can help provide patients with the best care possible.
- Share news and information about available CMEs and other upcoming events.
- Explain the benefits of in-system referrals, such as continuum of care and shared patient notes.
- Facilitate meetings with Rochester Regional Leadership to discuss potential acquisitions or succession planning.

Your physician liaison will be in touch with you regularly to see if there’s anything she can do to help you and your staff. If you have any questions or concerns in the meantime, please do not hesitate to contact her.

We look forward to a continued relationship with you as we work to make patients’ lives better, easier and healthier!

ElderONE is Rochester Regional Health’s Program of All-Inclusive Care for the Elderly (PACE), which also qualifies as a New York State managed long-term care program.

This program allows seniors who are 55 or older and are chronically ill or disabled to enjoy living in the comfort of their home while receiving professional, coordinated long-term care services.

ElderOne serves individuals who are:

- Age 55 or older
- In need of community-based, long-term care for more than 120 days
- Able to live safely in the community with ElderOne assistance
- Have Medicaid or are eligible for Medicaid (unless paying privately)

Services Offered Include:

- A dedicated, interdisciplinary team including physicians, nurses, physical therapists, occupational therapists, recreational therapists, social workers, home health aides, dietitians, and more.
- Transportation to and from program-related medical and support services
- Medication management

- Chemotherapy treatments
- Pre- and post-transplant therapies
- Pain management and palliative care
- Hydration
HOME INFUSION & PHARMACY SERVICES (CONT.)

Pharmacy services offered:
• Pharmacokinetic profiles and trended lab results
• Drug choice and dosing recommendations
• Compounding for specific patient needs
• Ongoing clinical monitoring
• Formulation of recommendations based on clinical and laboratory assessment
• Communication with physicians and home care teams
• All medications/supplies are delivered

TELEHEALTH

Remote monitoring enables our nurses to evaluate patients’ health status each day, in addition to in-home visits.
• Includes scale, blood pressure, pulse and oximeter monitoring
• Intervention when changes in a patient’s condition are identified, reducing hospital readmissions and emergency room visits

REHAB CARE

Skilled therapy for patients who require rehabilitation services.
• Occupational therapy, physical therapy, and speech therapy
• Safety evaluation to assess for intervention needed to keep patients functioning safely in their homes
• Fall prevention program
• Focus on rehabilitation of total joint replacement patients

NEUROLOGICAL REHAB

Physical therapy, occupational rehab and speech therapy, with advanced education and certifications in practice. Collaboration with Unity Acute Rehab for advanced training.
• Stroke
• Parkinson’s Disease
• Traumatic brain injury

PALLIATIVE CARE

Meets the clinical needs of chronically-ill patients who require assistance with symptom treatment.
• Symptom management
• Pain control
• Family and patient education
Home Care

SUPPORT SERVICES

Home Health Aides
Certified by the New York State Department of Health, our Home Health Aides assist with daily activities such as walking, bathing, dressing, cooking, laundry, and light housekeeping. They also provide companionship and ensure patient safety.

Personal Emergency Response System
We offer a variety of small, lightweight monitors that alert us when help is needed, including mobile GPS units.
HOME AND COMMUNITY-BASED HOSPICE SERVICES IN MONROE, WAYNE AND SENECA COUNTIES

P 585.214.1000 or 800.724.1410

HOSPICE SERVICES
• Nursing care for pain and symptom management
• 24 hour emergency on-call support for patients and families
• Education for primary caregivers
• Home Health Aides for personal care as needed
• Counseling and referrals for resources from medical social workers
• Pharmacy services for equipment, supplies and medications
• Inpatient care for short-term acute symptom management and respite
• Consultation with a dietitian
• Volunteer assistance
• Pastoral care and emotional support
• Bereavement services for family and caregivers units.

# Interventional Radiology

Jonathan D. Broder, MD  
Donnette A. Dabydeen, MD  
Atul K. Gupta, MD  
Deveraj Pyne, MD  
Michael J. Rivero, MD

## COMMON CONDITIONS AND TREATMENTS

- Uterine fibroids – uterine fibroid embolization
- Spine fractures – kyphoplasty
- Liver tumors – Y-90 radioembolization, chemoembolization, and ablation
- Arterial bleeding – embolization to treat GI bleeding, aortic endoleaks, postpartum hemorrhage
- Portal vein hypertension – TIPS and BRTO to treat refractory varices and ascites
- Aneurysms – coil embolization repair of visceral aneurysms
- Deep vein thrombosis – DVT management, thrombolysis, and IVC filter placement/retrieval
- Pulmonary Embolism – clot extraction and thrombolysis
- Arteriovenous malformations (AVMs) – embolization
- Kidney tumors – ablation and embolization
- Prostate enlargement – embolization for BPH with lower urinary tract symptoms
- Angioplasty and stenting of narrowed/occluded vessels
- Pelvic congestion syndrome – gonadal vein embolization
- Pain Management – CT-guided and US-guided nerve blocks and neurolysis

## LOCATION

**Outpatient Clinic**  
**Northern Heights Building**  
1255 Portland Ave  
1st Floor  
Rochester, NY 14621

**Rochester General Hospital**  
1425 Portland Ave  
Rochester, NY 14621  
*All procedures performed at RGH*
